

167 Bevel Edged Chisel London pattern handle

The London Pattern is considered by many to be the ultimate in handle design. Comfortable in the hand while working, unlikely to roll off the bench when not in use and balanced to perfection against the weight of the blade. Double hoops in solid brass give the handle extra strength and allow for light use with a mallet. Blades vary in length from 5" to 7". Overall tool lengths are from 10 1/2" to 13 1/2"
