

# 401 Brick And Patio Cleaner

## Product Description

EVERBUILD BRICK AND PATIO CLEANER is a powerful acid based cleaner used to remove mortar stains from brickwork etc. Also suitable for cleaning unsightly stains, algae, most paints and oils etc from patio areas.

## Benefits

Acid based - powerful cleaning action.

Water clean up.

Economical in use.

## Areas For Use

Cleans stains from brickwork, natural stone, concrete and earthenware.

Cleans stains from patios.

Cleans garage and factory floors.

## Limitations

Always read label before use and wear suitable protective equipment

Take care when working on interior surfaces and with artificial stone.

Always test a small area before applying to the entire surface. On very sensitive surfaces, a 1:1 dilution as a trial is recommended.

Always wash the surface down after treatment.

Protect plants and animals from contact when using.

## Surface Preparation

May be applied to dirty and damp surfaces.

## Application

Use the product neat. Mask up any adjacent surfaces to prevent damage. Protect plants and grass etc from overspray/run off. Brush or spray on the cleaner, working well into stain and leave for 15 - 20 minutes. After this time, use a hard bristle to remove the stain. Finally, wash down the area with water, preferably with a hose, before the product dries. Take care not to allow residues to run directly into fresh watercourses.
