

# ANVIL BLACK 24" HOOKSANDBand CRANKED 91473 Hinge (pair)-

## Product information

Overall Length: 610mm  
Hinge Arm: 582mm  
Fixing Plate: 158mm x 51mm  
Pin Diameter: 15mm

## Additional information

When opened a tee hinge has the appearance of a letter 'T'. An alternative to butt hinges, tee hinges are usually used in conjunction with a suffolk latch on traditional plank doors.

Our black finish is baked in a high-temperature oven giving it a durable corrosion resistant finish which is salt tested to 480 hours.

Our blacksmith tee hinges are hammered into shape from mild steel using the traditional manufacturing method of an anvil and fire.

Band is hinged on the pin attached to the fixing plate.

Cranked hinge allows door to be flush with the surface of the frame.

Suitable for heavy doors and gates.

Supplied as a pair.

Supplied with matching wood screws.
