

Alukap-XR Anti-Dust Tape=

ALUKAP-XR Anti-Dust Tape is for use with Axiome multiwall polycarbonate sheeting in the following sizes:

- 25mm tape for 10mm Axiome
- 33mm tape for 16mm Axiome
- 43mm tape for 25mm Axiome
- 55mm tape for 35mm Axiome

ALUKAP-XR is a weather-resistant glazing bar system from Clear Amber that sits atop rafters for a clean, attractive finish. The sturdy and durable system comes in a range of profiles and finishes, in both white and brown so you can match the rest of your building or surroundings with ease. Compatible with timber rafters, the fixings for ALUKAP-XR are concealed and made from aluminium like the rest of the system so you're assured quality and neat installation. Decorative finishing castings are also available so you can bring even more style to your system.
