

# Solid Polycarbonate Sheets 4mm Patterned=

## Virtually Unbreakable Patterned Sheets

AXGARD® Patterned sheets provide all the strength and benefits of standard AXGARD® Clear with the addition of privacy due to its textured surface. Like the standard Clear AXGARD® material, these options are extruded from a polymer resin which is approximately 200 times stronger than glass of the same thickness and it is therefore classed as virtually unbreakable.

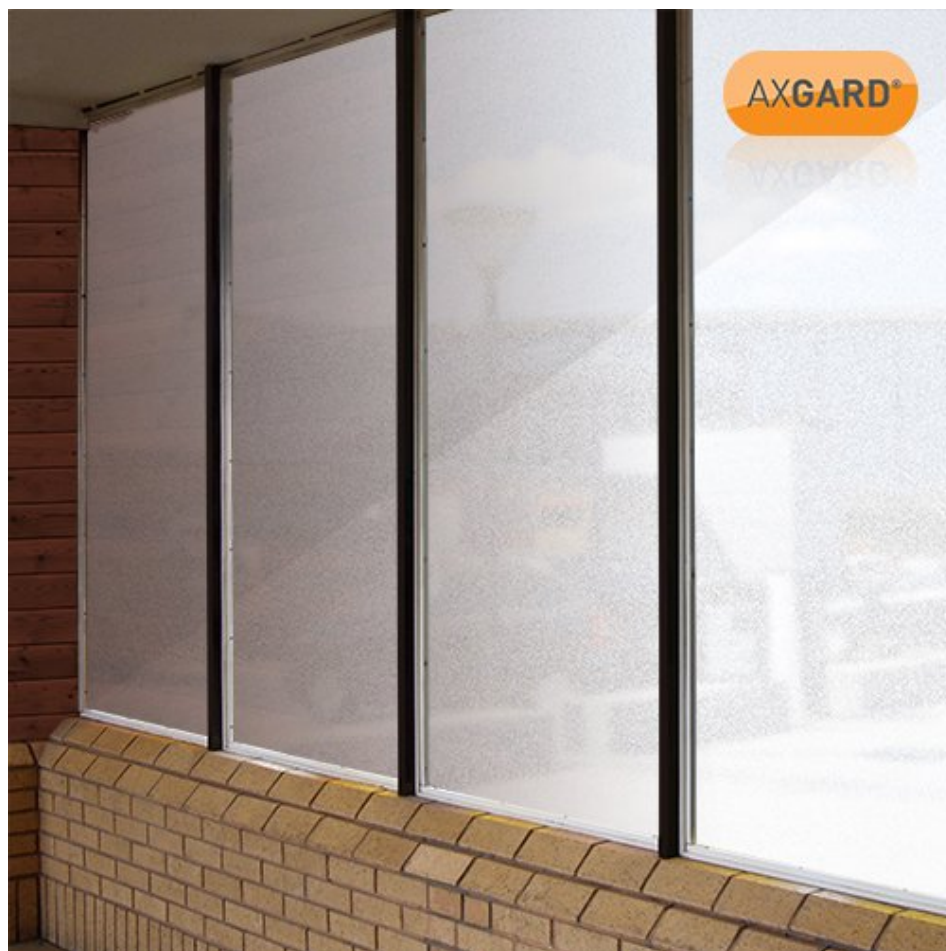

Available in either standard sheet sizes or manufactured to exact size or shape, AXGARD® patterned sheets are suitable for a large variety of projects.
