

Firemate c3 Tubes

Everbuild Fire Mate Sealant is an intumescent acrylic sealant that swells when exposed to temperatures in excess of 150°C to prevent the passage of fire and smoke and has a fire rating of up to 5 hours in certain joint configurations.

Fire rated to BS 476 Part 20.

Benefits

High degree of fire rating: slows down the passage of flames and smoke.

Quick setting - can be cut, sawn or plastered in 1 hour.

Economical in use - expands up to 50 times its original volume.

Fills irregular and broad gaps where most conventional fillers would fail.

Possesses insulating and sound deadening properties.

Areas for Use

Filling

Gaps around pipe entries through fire rated walls

To provide a fire rated seal around window and door frames

Electrical wire chasing prior to plastering, where a fire rating is required.

deep joints prior to applying sealant or plaster

irregular gaps in stone, brick, concrete or plaster
