

# Hikoki BSL1830C 18v 3.0Ah Li-Ion Battery

This BSL1830C battery from HiKOKI is an 18V Li-ion sliding battery with a battery capacity of 3.0Ah in an extremely compact design. This battery is compatible with all HiKOKI and existing Hitachi 18V devices that require a sliding battery. To extend the lifetime of the HiKOKI BSL1830C 18v Lithium Batteries, HiKOKI equips the battery with the protection function to stop the output. Recharge only with the charger specified by the manufacturer.

Please note: These batteries are NOT compatible in Hitachi/Hikoki 36 volt machines. Use the new Multi-Volt batteries by Hikoki instead.
