

Alpha Chem Pure Anti-Mould Silicone

Cromar Alpha Chem Pure Anti Mould Silicone is a high quality, waterproof, superior anti-mould silicone suitable for most sanitary sealing and areas of high humidity. A fast curing, 100% silicone, Pure Anti Mould Silicone comes with a 10 year guarantee to stop black mould growth, ensuring the product stays bright and clean.

Pure Anti Mould Silicone is also resistant to temperature extremes and aging, will not crack or discolour and withstands detergents, cleaning agents and chemicals.

Ideal for:

- * Glazing and bonding in shower cabinets during production.
- * Filling joints between tiles, tub and showers during installation.
- * Filling joints between bath tubs and tiles after production.
- * Waterproofing sinks.

Limitations:

- * Releases acetic acid during curing. Therefore, it must not be used on mirrors and sensitive metals such as copper, brass and lead.
- * Not suitable for overpainting.
- * Do not use for aquariums.
- * Prolonged exposure to direct sunlight must be avoided because of discolouring.
- * Not for used on porous surfaces such as stone, concrete, marble or granite.
