

# Kirkpatrick 5135 Espagnolette Bolt

The Espagnolette bolt 5135 is suited to french windows. These rods can be cut down to size. As standard these are supplied as 2.4m (8ft).

Fitted with a knob that operates the bolt on one side. If you require a double sided knob for outside use, please contact us.

Every black product features a 2 coat protective system, first a layer of black paint and then a second layer of powder coating is applied. This ensure that your Kirkpatrick product will remain highly decorative and functional for many years to come.
