

Anvil 33766 - Pewter Tudor Lever Espag Lock Set

The Tudor lever lock handle sets are unique in that each handle is individually forged in steel on the anvil.

The handle is not sprung which allows for the upward (locking) movement commonly associated with espagnolette systems.

Lever handle for external doors where multi-point locking is required.

Set includes an internal and external lever espag lock handle. For use with a multi-point lock or french door kit in conjunction with a euro cylinder.

Supplied with matching bolt through fixings.
