

Vibrante GO wheelbarrow 90 Ltr various colours, also spares, please

The Vibrante Go comes feature eye catching beautiful, coloured and high quality polypropylene trays.

The trays are robust, yet lightweight and easy to clean after a good day's use.

Tray is 90 Litre

Benefits:

The trays are made out of Haemmerlin's renowned high density Polypropylene, which is very strong and flexible at the same time.

Strong rigid frame which is made out in one piece, with a tipping bar that facilitates the process of unloading the content.

All of the models come with matching coloured grips, which have a soft feeling for an easy grip and comfort.

All of the trays fitted in this range are made out of Polypropylene, so they will never have any signs of rust which makes it ideal for the outdoors and are easy to clean after a good day of use.

A large pneumatic tyre profile that gives a perfect balance and enables the user to move the wheelbarrow with ease. It also comes with an unbendable solid steel rim for additional strength and safety.

All Haemmerlin wheelbarrows are ergonomically designed. Load distribution is improved thanks to the long frame, where 2/3 of the loads weight is supported by the wheel of the wheelbarrow.

Price
