

Alpha Original 90L wheelbarrow, also spares, please select

The Haemmerlin ALPHA ORIGINAL could be called the perfect 90 Ltr wheelbarrow.

This exceptional wheelbarrow has been manufactured with all the Haemmerlin top of the range parts, resulting in an extreme heavy duty barrow capable of performing at its best for a longer period of time.

The Alpha Original boasts a 90 Ltr Yellow epoxy powder coated tray with a "European" pan style design. The tough tray has side ribs for additional strength as well as double shifted edges for extra strength and safety reasons.

Equipped with the revolutionary ALPHA FRAME, unique to Haemmerlin. This tubular design forms a strong cradle at the front of the tray and, just as importantly, on the underside of the tray and there is a welded joint in the centre of the framework to strengthen the whole structure.

The Alpha barrow is fitted with
Bi-material handle grips that give a comfortable feeling and are slip resistant.

There are 2 wheel options: pneumatic and puncture free. It has

Price
