

241 Paring Chisel Boxwood Handle

Traditionally used by pattern-makers this has become a cabinet-makers favourite. Unrivalled in use for accurate horizontal paring, it is also excellent for cleaning out housing joints. Sorby Paring chisels are the longest, flattest and thinnest available anywhere. Normally used two handed they can be lightly tapped with a mallet.

*** By purchasing this product, you are confirming that you are AGED 18 or over and that the person receiving the delivery is also over 18. Please note that we do occasionally ask for proof of age. ***
