

Braces - 9044

Designed with four fastening points – or fewer if you use the durable D-rings that are included

Can be attached in the side of the trousers, in the Velcro tool fasteners.

Keeps the trousers up without restricting your movements

Keep the braces on during toilet visits. Just open the Velcro tool fasteners and release the braces in the side and pull down. No more hassle with braces and sweaters, jackets etc. When you are finished pull up the trousers and attach the braces in the side again.
