

M373 Splitproof Bevel Edge Chisel 6 piece set

Irwin / Marples woodworking tools have a long tradition of craftsmanship, and these chisels are some of the best available.

Recognized among professionals for quality these M373 are regarded by many as the standard by which others should be judged.

The blade is hardened up to the last 25mm for long working life and annealed to give an edge that is slow to blunt and yet easy to sharpen.

The solid one piece forged blade gives excellent strength.

The blades are factory lacquered for resistance to rust.

The splitproof handle will withstand repeated hammer blows and helps reduce harmful vibrations feeding through to the craftsman.

Set contains 1/4", 3/8", 1/2", 3/4", 1", 1 1/4"
