

Cut off Wheels 32mm [5pcs] - 540

For slicing and cutting in metal, wood and plastic. Cut-off wheels make it easy to cut or slot bolts, screws, sheet metal, thin wood and plastic.

Working diameter = 32mm

Max rpm = 35000

Use with Dremel Mandrel #402

The cut-off wheel cuts only along its edge.

Do not attempt to sand or cut curved holes.
