

Mini Saw Attachment - 670

An innovative rotary tool attachment that allows you to cut through wood like never before.

Attaches to the rotary tool in seconds and makes clean, straight, perpendicular cuts through wood up to 6mm thick. Easier to use than a hand saw, more precise than a jigsaw & fits into tighter spaces than a normal circular saw.

Transforms your DREMEL tool into a precision circular saw for fine, clear and straight cuts in all sorts of wood.

Perfect for laminate and wood flooring or thin wood plates.

The safety guard and lower guard make it safe to use the circular saw blade.

The guide allows to make straight cuts.

Quick connect attaches your DREMEL tool in seconds.

Contents

- * Mini SawAttachment
- * Rip/Cross-Cut Blade (546)
