

Shear Nuts 8 -10 -12mm Galvanized

A high security permanent nut fastening. The hexagonal part of the nut shears off at a predetermined torque (because only the cone part is threaded) leaving a tamper resistant cone.

Product Details

Galvanised Steel Shear Nuts

The Shear System is a high security permanent fastener.

Shear Nuts have a hexagon part which shears off at a predetermined torque. Installed using standard hex socket or spanner. Once installed, the Shear Nut leaves a tamper resistant cone.

Also stocked in;

- Zinc Plated (CR-3) Steel
