

Brio Weatherfold 4s window 35

***** Contact us with your requirements for a tailored quote ****

Al Fresco living has become hugely popular over recent years as cafés, bars and restaurants look to offer their customers a more cosmopolitan feel. Brio recognise this trend and have a fantastic solution for just this type of application.

Brio Weatherfold 4s window 35 is designed for exterior folding windows in residential or light commercial applications with up to six panels folding in one direction. Each Window sash can be up to 1000mm wide and up to 35KG in weight, comfortably accommodating a span of 12 meters. This is made possible by the new recessed bottom guide system. The guide system not only provides stability for folding up to 12 window sashes, it's concealed low profile design and excellent weatherproofing capabilities make it an ideal option for window sills.

- Max Sash Weight : 35KG
- Max Sash Height : 1800mm
- Max Sash Width : 1000mm
- Min Sash Thickness 35mm
- Max Number of Sash : 6 Each way
- Max Opening : 12000mm
- Finishes : Stainless Steel & Polished Stainless.
