

901 Black Bitumen Paint

Product Description

EVERBUILD BLACK BITUMEN PAINT is a solvent based, full bodied black bitumen paint, When dry, the product forms an odourless and taint free bitumen film suitable for the protection of metals, concrete roofing, felt, fibre cement, corrugated iron, asphalt and wood against water attack.

Benefits

- Fast drying.
- Suitable for use with portable drinking water tanks.

Areas For Use

BLACK BITUMEN PAINT provides an effective waterproof, weatherproof, corrosion resistant protective coating. It is resistant to low concentrations of alkalis and acids and can withstand prolonged oxidation. It is suitable for application to a wide variety of materials including iron and steel, lead, zinc, aluminium, asbestos - cement, concrete, stone, wood, felt and brick and is mainly used for:

- Metal protection - corrugated iron sheets, fire escapes, stairways, ladders, storage tanks, gutters, down pipes, fences, railings, gates etc.
- Protecting drinking water tanks.
- As a protective coating for concrete structures, stone, brick, concrete screeds and sand/cement surfaces.
- Overcoating felt/wood.

Limitations

- Do not use in areas where subsequent solvent contact is likely.
- Avoid inhalation of vapours in confined spaces.
- Allow sufficient drying time between coats.
- Bitumen Paint may bleed through any paints subsequently applied over it. Apply a primer recommended by the paint manufacturer before overpainting.
