

# HL7 Head torch - 285 lumens

The Coast HL7 head torch is perfect for indoor or outdoor use where controllable brightness and hands free use is preferred.

It is lightweight and has a comfortable, adjustable elastic headband. It features Coast's Pure Beam Optics system to give you a more usable, higher quality light beam.

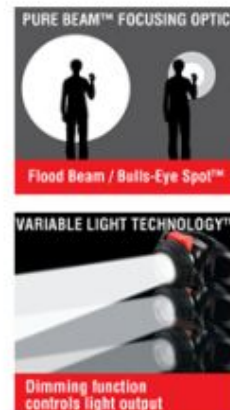

An easy grip bezel allows easy adjustment of the beam from spot to flood.

On high output the HL7 will provide 285 lumens and has a maximum spot beam distance of 109 metres. A hinged bezel allows for optimal positioning of the light beam, and the battery pack is positioned on the back of the head for superior comfort and better balance during use.

There is a large power switch that is easy to find in the dark and can be operated when wearing gloves.

Backed by Coast's 5 year warranty.

Beam optics: Pure Beam Focusing  
Light output (High): 285 Lumens  
Light output (Low): 4 Lumens  
Beam distance (High): 390ft / 119m  
Beam distance (Low): 42ft / 13m  
Runtime (High): 1Hr 30mins  
Runtime (Low): 70Hrs  
Weight: 4.40z / 124g  
Battery Requirement: 3 x AAA
