

Jedo Comet Lever On Sq.rose Polished Chrome=

FRELAN COMET DOOR HANDLE ON ROSE - JV5003

The Comet door handle has a square-shape sprung rose and the lever has an angular shape that grows thinner, into a pointed shape at the end. A perfect handle for a contemporary, minimalist design theme with sleek, sharp lines.

Available in polished or satin chrome, this chrome door handle will match a variety of other chrome fittings and appliances in modern settings.

From the designer Mariani range by Frelan Hardware, a collection of high quality brass and zinc handles that have been designed and manufactured in Italy to a high quality and have a rich and designer look and feel.

The chrome lever on square rose is for use on internal, locking and bathroom doors. Internal doors need a standard lever set, for locking doors the lever set needs escutcheons. For bathroom doors, opt for a turn and release.

Matching Mariani fixings (escutcheons, turn and releases) available at More Handles.

Supplied in PAIRS complete with square spindle bar and fixings.

Dimensions:

Lever Length: 142mm
