

Julian lever on a rose - Grade 304 Satin stainless steel

This stainless steel door handle on rose has a simplistic, straight, tubular-shaped lever handle. Available in satin or polished stainless steel, the Julian door handle is perfect for contemporary and minimalist design themes.

Part of Frelan Hardware's stainless steel furniture range, these lever door handles have a 52mm rose, are made using grade 304 stainless steel and are tested to 200,000 cycles, ensuring great durability, suitable for high frequency of use.

This door handle on rose has matching stainless steel turn and releases or key hole escutcheons available, please see the related products below. Internal doors need the standard lever set, locking doors need the lever set with escutcheons. For bathroom doors, opt for the turn and release or the easy turn and release.

Supplied in PAIRS complete with fixings.
