

# Concealed Door Chain - Brass

This Concealed Door Chain Closer from Frelan is designed to automatically close the door after each opening. It has an easy push button option to release the chain if required.

The Concealed Door Chain cylindrical body with the chain is fitted into the door, while the chain receiver bracket fits to the frame of the door. This keeps the chain hidden away while closed.

Supplied in SINGLES. Complete with fixings

Frame Fixing Plate: 51mm x 30.5mm

Door Edge Fixing Plate: 30.5mm (Height)

Cylinder Length: 90mm

Cylinder Diameter: 90mm
