

Polished Nickel Heavy Beehive Mortice/Rim Knobs=

Product information

Knob Size: Ø52mm

Projection: 65mm

Rose Size: Ø52mm

Spindle Size: 8mm threaded

Additional information

Our knobs come unsprung. These are solid cast, not hollow and have loose roses to enable them to be used with a rim lock (discard one rose) or use with a mortice lock.

They have 8mm threaded spindle to take adjustment for various door thickness and lock firmly with a grub screw. For best results the centre of the knob should be a minimum of 3" from the edge of the door.

Heavy Duty latches 4" or 5" are recommended for maximum efficiency. Supplied with necessary fixing screws.

The GRUB SCREW should locate on the "V" in the shaft and not on the threaded part.

Suitable for use internally or externally. Maintenance instructions must be followed to preserve the finish of your product.

Finished in Polished Nickel
