

Antique Pewter Rim Cylinder Pull 33071=

Antique Pewter Rim Cylinder Pull 33071

Product information

Overall Size: 81mm x 50mm

Backplate Size: 53mm x 50mm

Projection: 26mm

Plate thickness: 5mm

Additional information

This pull should be fitted behind the cylinder of a night latch to assist in pulling the door closed.

Used on front doors to match any of our Antique Pewter door fittings and designed to finish off your door suite with a matching look.

The pulls come supplied with screw fixings to hold firmly in place and to stop any movement.

Rim cylinders & night latches are available.
