

# Firemate c3 Tubes

Everbuild Fire Mate Sealant is an intumescent acrylic sealant that swells when exposed to temperatures in excess of 150°C to prevent the passage of fire and smoke and has a fire rating of up to 5 hours in certain joint configurations.

Fire rated to BS 476 Part 20.

## Benefits

High degree of fire rating: slows down the passage of flames and smoke.

Quick setting - can be cut, sawn or plastered in 1 hour.

Economical in use - expands up to 50 times its original volume.

Fills irregular and broad gaps where most conventional fillers would fail.

Possesses insulating and sound deadening properties.

## Areas for Use

### Filling

Gaps around pipe entries through fire rated walls

To provide a fire rated seal around window and door frames

Electrical wire chasing prior to plastering, where a fire rating is required.

deep joints prior to applying sealant or plaster

irregular gaps in stone, brick, concrete or plaster
