

3103 Nevis Trousers - Grey/Black

The revolutionary WRK-9 air-textured 240gsm fabric for the trouser. WRK-9 offers extremely high durability, protection and comfort resulting in a much lighter weight trouser thats more durable and hard-wearing than other conventional cotton based brands. You do need to try Nevis to feel the difference!

Cordura fabric re-inforced nylon panels on the knees to provide greater protection where its needed. Holding all this together is 1500m of heavy-duty thread. Nevis trousers are also treated with a special coating which makes them water and stain resistant.
