

Gatamate Field Gate Rising Hinge Set with Rocker Plate

GATEMATE Self-Closing/Rising Hinge Sets is specifically designed for situations where the ground rises slightly so your gate will open properly without dragging on the ground.

When gate is open at 90 degree to post, approximate rise is 75mm per metre width of gate.

This galvanised kit is suitable for 3" gates and must be hung between posts.

Includes: 2" x 1/4" top band, hook to bolt and bottom band with rocker plate.
