

# Cromar Polyurethane Wood Adhesive 5min & 30min - 300ml Tube

Alpha Chem, from Cromar, presents a high quality, solvent free, polyurethane wood bonding adhesive, suitable for a wide range of internal and external applications, with different cure times to suit your needs.

Fully waterproof to EN 204 D4 with excellent weathering and aging properties, and is also resistant to chemicals and temperatures within the range of -30 to +100°C

Ideal for:

- \* Bonding wood to a wide range of substrates including all types of timber (even engineered timber, laminates & most metals).
- \* Wood jointing in construction and manufacturing.
- \* Gap filling on uneven or imperfect joints.

Limitations:

- \* One of the substrates to be bonded must be porous/ permeable.
- \* Read the label prior to use as it contains essential health and safety information.
