

Solo Woodscrews - Countersunk BZP

A high quality multi-purpose woodscrew engineered to be used in many different substrates such as Hardwood, Softwood, PVCu, MDF etc.

TIMco Solo woodscrews are available in Zinc & Yellow or Zinc & Clear. These screws are lubricated with a 25 degree sharp point to aid insertion, and have 40° deep single thread. Cross recess double countersink is available in both plating types. A new range of square drives have been introduced in the zinc range.

Partially threaded from 60mm.
