Additional information

A classic Regency style handle designed to fit casement windows and match the Reeded stays and door handles in the range.

Made from solid brass this attractive fastener has a stylish reeded end and is also reversible so can be used on either side of your window.

The unlaquered brass achieves a timeless elegance, highly polished on all surface areas but aged to highlight the detail and design. This will tarnish in time as part of the ageing process but can be polished time and time again if you want to achieve a more contemporary finish.

The fastener has a locking mechanism by way of grub screw.

Supplied with necessary fixing screws.

Finished in Aged Brass
