

Anvil Cast Monkey Tail 10" Stay Aged Brass=

Product information

Overall Length: 288mm

Stay Arm: 266mm

Fixing Plate: 45mm x 16mm

Additional information

This product is cast from very high quality solid brass and is given a unique 'Aged' look in it's finish.

The finish has been treated to speed up the natural tarnishing process which produces the aged feel of the product.

It is burnished making it smooth in appearance and is used as an alternative finish where a highly polished surface is not desired.

The finish is un-lacquered, will tarnish naturally causing the aged patina to darken with time (a semi gloss finish can be achieved by using Brasso).

Sold as a set and supplied with necessary fixing screws and pins.

Finished in Aged Brass
