## Additional information

The newbury stay is part of the period range of window furniture. A simple subtle design that will suit any setting.

Our weighty newbury window stay is forged from solid brass which emphasises the high quality materials and manufacturing techniques used. A perfect design choice to use throughout your property with many other matching products available.

The unlacquered brass achieves a timeless elegance, highly polished on all surface areas but aged to highlight the detail and design. This will tarnish in time as part of the ageing process but can be polished time and time again if a natural sheen is desired.

Designed to match the newbury window furniture.

Available in three different sizes.

Supplied with matching wood screws.
