

# Union 2648 - Tubular Latch (91mm) sc

4 available only

The Union 2648 Tubular Latch 91mm comes complete with a latch strike plate and a 5 year guarantee, all screw holes on the strike and latch are countersunk to give a flush finish. It is used with sprung knob or lever door furniture fitted with an 8mm spindle, turning the knob or lever either way retracts the latch allowing the door to open.

2 available only
